FIRST ORDER OF BUSINESS

Roll Call

Ms. Giles called the meeting to order at 2:00 p.m. Four Supervisors were in attendance constituting a quorum.

SECOND ORDER OF BUSINESS

Audience Comments (Limited to three minutes)

Ms. Giles stated item two on the agenda is audience comments. Copies of the agenda are found on the table by the door for those that wish to follow along. At this time, the Board invites any member of the public in attendance to speak on any item listed on the agenda. There's also a place towards the end of the meeting for public comments again for the items not listed on the agenda. At the top of the agenda, are there any public comments? And if so, if you'll state your

name for the record. And as a reminder, this District has a three minute per person public comment rule. Any comments at the top? Yes, ma'am.

Resident (Lindsay Shelton) stated I'm one of the Oakleaf Orcas swim coaches and I would like to ask permission to bring back the winter swim like we did two years ago before the pump went down. My understanding is Ridgeview no longer practices here, so I would like to take their time slot right behind Oakleaf High School. I think Coach Jack said 5:30 p.m. is when he ends and run for about an hour or an hour and a half. And I would just want to run it from August to November and then March to May. When it gets super cold, we're out. That way we don't have to do a lot of heating of the pools, things like that if we don't have to. Just swim as long as we can. When it gets too cold, we stop, and when it starts to warm up, we'll come back again.

Mr. Steiner stated okay. I'm going to ask, if you don't mind, Jay, to give us a little bit more background on this.

Mr. Soriano stated we did try it out for one year. We didn't really have any issues with it. It didn't get as big as they and a lot of parents were really hoping. It is tough. Once we get back to school, things change from big excitement we have at the pools here during the summer to school. The older kids are already swimming high school, so this would be for the younger kids. I wouldn't have concerns because I don't see it being a big program. Even to build it into a big program, you need a few years consistently to be able to get more people on the team. So, I don't really have any concerns with it. I don't think it would affect anything else. I don't see a lot of the residents having too many complaints. I think the only thing is I would work with Lindsay to make sure because Jack is not going to be coaching it this year the way we have before.

Resident (Lindsay Shelton) stated correct, it will just be me and a volunteer coach, who is currently a volunteer now.

Mr. Soriano stated she would just have to work with me on some of our expected rules. The one thing I would probably push a little more, we really didn't pay attention the first year that we did this, but it should be resident only. This should not be a program for outside people. If we were doing competition, it would be different, sort of like summer swim. We do have a handful of non-resident people here, but it is a resident-owned program. The majority is residents that's benefiting the neighborhood and it's for our residents. When we have a small program, I don't even think we top 20.

Resident (Lindsay Shelton) stated I have about 10 who want to come that are currently on our team, but I can't guarantee they're all residents. They're my little orcas that swim year-round and they swam year-round with me last year at Cecil.

Mr. Soriano stated that would be one of the big points. Everything is supposed to be like that; it's got to be majority residents. If we only had 15 people and 10 were non-residents, I would be like, I'm not sure. And really because you're now running a program, I can't say that it really takes away from people being that small, we're not going to take up all things or anything, but you do get the complainers that don't like the swim teams in there in the first place. They think that's their pool. Not that that's a real valid complaint, but we're going to hear from them, and they have the right to complain. Now if we're doing that for people that don't live here, that creates even more of a problem. You also have to look at liability concerns. This is why we want to make sure that it's resident-centered because the more we do things for people outside, the more we open up ourselves to issues when there's an accident or anything like that. Now, the neighborhood is paying for those people that don't live here to use our facilities and then also create an insurance and liability concern. That's one of the reasons why on almost all of our programs, that's the way it's spelled out in our agreements, it really should be resident centered. A majority would have to be residents. If you got 10 people, hopefully most of them are residents because a big part of our program is. Like I said, there's a handful, but not a lot. We had 106, 105 at the beginning of the season. I think we ended up with like 96 that are actually still there. Mr. Soriano stated as far as I know there was only five, I know that were not residents. That is a good percentage. That's what I would like to see. For off season though, make sure that it's resident driven.

Ms. Mifsud stated are we talking how many days a week?

Resident (Lindsay Shelton) I would like to do Tuesday, Wednesday, Thursday and then on swim meet days I'd pick up the Monday so that they still have their three days a week so that no one's complaining because they've paid X amount of money and they're not getting their three days. Because I know swim team high school maybe has like a week. So, possibly. Jack just threw that in my ear. But I work overnight so I would want Monday and Friday's off because that's my coming home and my going in day.

Ms. Mifsud stated and you said the hours would be what again?

Resident (Lindsay Shelton) stated I'm sorry, 5:30 p.m. Jack ends at 5:30 p.m. So, it'd be 5:30 p.m. to 6:30 p.m. or 5:30 p.m. to 7:00 p.m. depending on the age of the swimmers. If they're

all younger, then they only need to go an hour. If they're like 9 and older, they usually swim an hour and a half.

Ms. Mifsud stated so you're talking going back to back with another program. What time does that program begin its practices? I'm just trying to get a feel for how long because I'm assuming this is the adult only pool area where some parents like to go and have a reprieve from smaller children. So, if we are going back to back those three days, after work hours, how many hours are we looking at there being children in that area?

Resident (Lindsay Shelton) stated I can't speak for Jack. I think he said he starts around 3:30 p.m. Goes from 3:30 p.m. to 5:30 p.m. I'm not 100%, but I'm pretty sure that's what he told me.

Mr. Soriano stated it's not right after school. But most of the time by about 3:00 p.m. they're back there. And then yeah, it's until about 5:30 p.m. That's where before Ridgeview would come in right after that. So, on pretty much Monday through Friday the high schools, it would be right after school until it was getting dark. There were teams here, not the older kids, but there were swim teams here. At three days a week, this would help out. It would cut back on the complaints a little more because then it's not every day. And we don't have Ridgeview. Ridgeview did not ask to come back. Last year when the pool was down, we pretty much got it up for just the high school season. Didn't have it up and running. But, Ridgeview had made plans to go to the Y. They ended up spending a bit of money, which is another reason I tell District's they really shouldn't be charging the swim teams. They can't pay something to use the facility. They just ended up saying look, we know it's more expensive to go to the Y than it would be for any CDD, but at least they get guaranteed their time where here they would have to plan with Jack for getting prime practice time. They always got booted to the end. And then also meets. They had to work with Jack on meet scheduling because Oakleaf always comes first. So that was the one thing they decided, spending more money for the ability to have a little more control on their scheduling. So, they're not going to be here. It would just be Oakleaf high school swimmers and then our off season team.

Mr. Steiner stated Jay when we went through this a while back, I believe we had gone ahead and basically it was not taking up all the lanes. There were several lanes that were left available for the adults. In fact, the majority of lanes were available for them, I believe.

Mr. Soriano stated correct. And that would be one more rule. Those are the other little rules I usually work with the coaches for. Even for high school, they got to keep a couple lanes open.

We have an eight-lane pool, which is nice. As soon as the high school leaves being a smaller program, Lindsay would have to shrink down even more. I know it's always tough. We want to spread out. I try to get the coaches to understand that the residents, when they come in, are not going to come and talk to the coach and say, "*Hey, can I get a lane?*" You know, it always seems like the lanes are empty, no residents are here, swim laps, so we just spread out. They walk up, they see everybody swimming in a lane, and then they turn around, and all they do is complain to the desk downstairs or send me an email. So even then, we try to stick to those rules and get them to squeeze into the lanes. That's something that swimmers are used to. Younger ones are learning it, but they have to get used to it, too. You get into high school and college, you can be swimming 10, 15 with more than one in a lane. That's just normal practice.

Mr. Steiner stated Jay, do we need a motion or just a directive?

Mr. Soriano stated I think we did just directional on the one before because we didn't set it up as a big program. So, they did pay. A portion of that goes back to the District, a small portion for registrations. We handled all the payment. And then also that's what helped pay for Jack and Lindsay's time before. That's the same way I would do it now. But this was not a program like the summer program, where we have everything spelled out and we need agreements and coaches have a set salary and there's expenses, things like that. This program wasn't like that. Really, it's just Lindsey's time and then a small portion of that goes back to the District for them using it.

Mr. Steiner stated okay. I'm going to propose to the Board that we go ahead and proceed as we did last year, as long as you can work with Jay to resolve the issues. And we did all right last year with that. So, from that standpoint, I would recommend that we go ahead and proceed in that manner with the Board's approval. Does anybody have any objection?

Ms. Giles asked Jay, do we need an agreement so we can have waivers signed or anything?

Mr. Soriano stated no. There will still be waivers, even though we don't have an agreement.

Ms. Giles stated okay.

Mr. Soriano stated it's basically our program. We're going to pay Lindsay. She's already on our payroll as assistant coach anyway, so it wouldn't be any different than swim lessons and things like that. They're not doing competitions. I have talked with coaches before about doing, what we call, ping pong matches. Usually, winter teams would do. It's more fun, it's not serious competition, and you'll have local YMCAs that do that stuff. If this program is successful, and it's what I said a

few years ago, then we can get into those things. I don't see that this year. I think we need a couple years of it really going in a row before we get to that.

Mr. Steiner stated okay. Well, the main thing is if we hit any rough spots, we may have to alter the things as we go along, but I believe we can go ahead and support it.

Resident (Lindsay Shelton) stated sure. Thank you.

Ms. Giles stated thanks. Any other public comments at the top? Hearing no comments, we will move on to the next order of business.

THIRD ORDER OF BUSINESS

Organizational Matters

A. Consideration of Appointing a New Supervisor to Fill the Vacancy

Ms. Giles stated item three on the agenda is organizational matters. On page seven, you'll see a resume from Mr. Kenneth Hardison. He's interested in serving on the Board. This is open for Board discussion at this time.

Ms. Arnau stated Kenneth is a neighbor of mine and we've known each other for several years. If you've read his resume, he's qualified. There's no doubt about that. What I'd like to say about Ken is he's a really good person. He's very levelheaded. When he has questions, he'll ask them, but he'll listen to anybody's other views and makes his decisions. I think he's got a good heart, good head, and I like him.

On MOTION by Ms. Arnau seconded by Mr. Steiner with all in favor, Appointing Kenneth Hardison as a Supervisor to Fill the Vacancy, was approved.

Ms. Giles stated Mr. Hardison, if you will join us at the table. Congratulations. We'll have you sit right over here.

B. Oath of Office for Newly Appointed Supervisor

Ms. Giles stated if you will stand, I am going to administer this oath to you. If you'll raise your right hand. And you can say, "*I do, I swear or I affirm*", whichever one you're comfortable with. That's all you're going to have to say. I'll read the rest. I, state your name.

Mr. Hardison stated Kenneth Hardison.

Ms. Giles stated a citizen of the State of Florida and of the United States of America, and being employed by or an officer of Middle Village Community Development District and a

recipient of public funds as such employee or officer, do hereby solemnly swear or affirm that I will support the Constitution of the United States and of the State of Florida.

Mr. Hardison stated I do.

Ms. Giles stated congratulations.

Mr. Hardison stated thank you.

Ms. Giles stated I am going to go over all this paperwork with you at the end and we'll sign this. Mr. Hardison, congratulations. You're now a government official in the State of Florida. And like any other government official, and in this capacity, you are subject to comply by the Sunshine law. If any business is to be discussed about Middle Village CDD, you can talk to anyone, but you may only speak to other Supervisors at a publicly noticed meeting such as this. You can talk to the other Supervisors about sports, grandkids, vacations, whatever. But if it's a matter that could come before the Board, you can only discuss those matters in this meeting. So, I say that because social media can get a little tricky. So just be careful of social media. If you respond and then Julie responds and then Mike responds, then that could be considered a violation. You're also subject to Florida's public records law, meaning any document you may acquire or generate pertaining to the District is subject to public records requests. My office stores all and archives all District records in the event that there is a request. Typically, I can handle that for you. If you do get a public records request that I'm not on the email, if you'll just forward that to me, and most likely I'll take care of that for you, unless it's requesting your emails, but either way, just reach out to me and I'll help you with that. Our District Counsel is Mike Eckert. You heard him during roll call. And there's a packet for new Supervisors, again, after the meeting. I'll go over that with you. Mike, is there anything you want to add to this?

Mr. Eckert stated to let Supervisor Hardison know that we'll be sending a Supervisor notebook that has a lot related to the District and the CDDs in general. And after we send that, probably a week later, after he's had a chance to review that, we'll probably try to set a brief conference call and just go over the District and the legal issues that we're working on in the District that may not be discussed at a Board meeting. That's about it. Welcome to the Board.

C. Consideration of Resolution 2026-03, Designating Officers

Ms. Giles stated item C on the agenda is on page 10. This is Resolution 2026-03, Designating Officers. This resolution is to add Mr. Hardison as an officer of the District. Right

now, the designation of officers is as follows with Mike Steiner as the Chairman, Sherrie Mifsud as Vice Chairman, and Eric, Julie, and Kenneth all as Assistant Secretaries. Then, from GMS, I'm your Secretary and Treasurer. Also, from my office to fill in my absence is Daniel Laughlin, Jim Oliver, Matt Biagetti, and Darrin Mossing as Assistant Secretary and Assistant Treasurers. Unless there's any change to that designation of officers as it is, I just look for a motion to adopt Resolution 2026-03.

On MOTION by Ms. Mifsud seconded by Mr. Marx with all in favor, Resolution 2026-03, Designating Officers as slated above, was approved.

FOURTH ORDER OF BUSINESS

Approval of Consent Agenda

A. Approval of the Minutes of the June 8, 2026 Meeting

Ms. Giles stated item four on the agenda is approval of consent agenda items. On page 13 are the minutes of the June 8, 2026 meeting. I did receive two changes from Sherrie. I have those on page two and three. I've got Sherrie and Julie's names backwards on those minutes, so I'll take care of that before we send that to the chair for signature. And unless there's any other corrections or changes to the minutes, I just look for a motion to approve them.

On MOTION by Mr. Steiner seconded by Ms. Mifsud with all in favor, the Minutes of the June 8, 2026 Meeting, were approved as amended.

B. Financial Statements

C. Assessment Receipts Schedule

D. Check Register

Ms. Giles stated on page 34 is your financial statements as of May 31, 2025. It's followed by your assessment receipt schedule on page 46 showing we are 98.9% collected. And then your check register is on page 48. It's for the month of June in the amount of \$177,394.43. I see no unusual variances with the check register. Unless there's any comments or questions, I just look for a motion to approve it.

Ms. Arnau stated I'll make a motion to approve it.

Mr. Marx stated second.

Ms. Giles asked any discussion? Sherrie was there something?

Ms. Mifsud stated no.

Ms. Giles stated okay. Any discussion?

On MOTION by Ms. Arnau seconded by Mr. Marx with all in favor, the Check Register, was approved.

FIFTH ORDER OF BUSINESS

Discussion of the Fiscal Year 2027 Budget

Ms. Giles stated on page 178 is your Fiscal Year 2027 budget. This budget does have a 3% to 5% increase. We can see that on the chart on PDF, page 191, broken out by product type. The only thing that's changed on this budget since you saw it last is the actuals. The actuals now run through May 31, 2026. This agenda item is here for the Board to have any discussion about the FY 2027 budget before we move into our public hearing in September. Any comments on the budget?

Mr. Steiner asked that'll be a nighttime meeting, right?

Ms. Giles stated yes, sir.

SIXTH ORDER OF BUSINESS

Consideration of Draft Amenity Policies

Ms. Giles stated item six on the agenda is on page 195. At the last meeting we talked about the amenity policies. There's red line changes on this. On the first page it is just the date change. I sent this to the Supervisors ahead of the meeting. We had discussion at the last meeting about just strengthening the language in here about rentals and usage of the facility. It should be red on there, Jay, when we get to it. There it is. What PDF page is that? 204. So, Mike Steiner, Mr. Chairman, sir, I'll pass this to you. I know we had emailed a couple changes. Anything that the Board wants to see changed on this?

Mr. Steiner stated the one thing I was trying to get at is the fact that the policy covers multiple venues and things like we were trying to get in there about staff has the right to shut things down for safety or health reasons or whatever. Rather than put that red statement in every venue, I was looking for something. Now, we've got it put into the general policy. But if you put it in, that's the last thing you read going down the list. And I would assume maybe I'm wrong. But if I can envision somebody going in to a playground venue, set of policies there, and there's nothing in there about staff or the fact that people using that area for income, financial. The intent was to move that to the very top of the policies, so that you read that and then that's the first hurdle you

have to get over. You don't even go into any of the areas below. But then I went ahead and decided that probably I was being a little nitpicky, so I backed off of it. I think what Marilee has done with putting this in here, if Jay feels it covers everything he needs to have, then fine. But it seems like if somebody goes into this and it's not specified in there about what we were trying to get across, but shows up in the additional policies only, is that going to give us a problem if it's the very last thing you read? I don't know if that confuses everybody.

Ms. Giles stated no, because right now what you're saying is they see it on page 15 under additional District policies, and they see something similar under each of the different sections, except swim, which we don't see it there under pool and water park. But there is the strong language under the fitness center, under the tennis court and under the basketball.

Mr. Steiner stated that is how it is now.

Ms. Giles stated yeah.

Mr. Steiner stated you put that language, and it goes ahead and applies to no matter what venue.

Ms. Giles stated yeah.

Mr. Steiner stated so, if that's the first thing you read in the policies, you don't have to have it and everything following it.

Ms. Giles stated Jay, you deal with the residents more than I. What are your thoughts on moving this to the front versus what the Chair's talking about?

Mr. Soriano stated whether it's up front or at the end, I do like the strong wording that we added in here. I would say because of the way we hear from the residents, even if it's at the very front, when you break down each facility, it should be mentioned again, somehow. I prefer it to be more general. So, I don't know that we need, if you notice the one, say, fitness programming for the one for the fitness center, and it may be focused on aquatic stuff out here in the pool because we do have, say, our own swim lesson instructors show up and they want to teach. Actually, I just had an argument this last month, somebody we had to kick out of another District, because they argued that, well, it doesn't say I can't do my own swim lessons. It doesn't word it that way. It's any programming, and that's what that is. So, I'd rather it be more general rather than actually point out the actual activity they're doing because it could be changed slightly and it's got a different name. They want to argue, oh, it doesn't say I can't do this, so I do like the more general approach. Whether we put it at the top or the bottom, I do like the idea of being at the top. It is one of the

first things they see. That is one of the bigger problems we have with people coming in and using your grounds to run their businesses, whether it's boot camps or they're actually doing specific training, somebody teaching people how to play better basketball and they're on our basketball courts and they're charging the family. Swimming, anything like that. Tennis. I have a lot of people that do tennis out here that we got to get on, and I like having a bigger tennis program because they can help keep an eye on the grounds. But we have our photographers and things like that. So, I'd rather keep it more general rather than just naming each one. But still, having that statement at every facility and playground is cool just so I can almost point it out to them, look, not only is it at the front, but it says right here, you can't run these programs, or I have the ability to stop any program, no matter what it is, and they wouldn't be able to run it here. So, I do think it needs to be in there multiple times. Typically, I want to shorten our policies, but because of the way I've heard it over the years as one, I think being a little longer is not a problem.

Ms. Giles stated Jay, is your recommendation to take that section that says additional District policies and move it towards the front?

Mr. Soriano stated yeah, now that part, yeah, I think we could do. I know the additional District policies that covers everything that got left out in the beginning. But I do like Mike's idea there to point out that if it's at the top, hopefully it's one of the first things they read. So, if we could find a spot that it makes sense up there in the beginning.

Ms. Giles stated I think right before it gets into the pool and water park section, right there on page four.

Mr. Soriano stated most of the stuff on there at the beginning, really has to do with getting your cards and getting set up as a resident user.

Ms. Giles stated yeah. So, right after that.

Mr. Soriano stated yeah.

Ms. Giles stated all right. Okay. So, we'll make those changes and bring that back to the next meeting. Any other changes to the amenity facility policy?

Mr. Steiner stated I have none.

Ms. Giles stated Eric, you good?

Mr. Marx stated I have none.

Ms. Giles stated okay. All right, so we'll bring that back.

SEVENTH ORDER OF BUSINESS**Ratification of Addendum to Landscape and Irrigation Maintenance Agreement with VerdeGo**

Ms. Giles stated then on page 217 is the next agenda item. It's ratification of addendum to landscape and irrigation maintenance agreement with VerdeGo. Just as a reminder, this was approved at your last meeting. So, any agreements that we sign in between the meetings, we just bring them back for ratification so that you can see those. This is in line with your budget. Anything to add, Jay?

Mr. Soriano stated no.

Ms. Giles stated if no comments or questions, I just look for a motion to ratify the addendum with VerdeGo.

Mr. Steiner stated I make motion to ratify the VerdeGo agreement.

On MOTION by Mr. Steiner seconded by Ms. Mifsud with all in favor, the Addendum to Landscape and Irrigation Maintenance Agreement with VerdeGo, was ratified.

EIGHTH ORDER OF BUSINESS**Staff Reports****A. District Counsel**

Mr. Eckert stated for the record, I just wanted to let the Board know we did provide a little bit of research for Jay on some drainage and maintenance obligations and provided that to him in between your last meeting and this meeting. We also prepared and mailed a letter to Coastal Elevator disputing the invoices for services and basically telling them we're not going to be paying anything, and they don't need to be on our property doing any services unless they can produce an agreement that entitles them to do so. The third thing I wanted to mention to the Board is the governor did have an opportunity to review the three bills that I've been reviewing with you. And interestingly enough, he signed the one for the electronic payment requirement and then also the one for recalling CDD supervisors, but he vetoed the sovereign immunity bill. So, anticipate we'll see that that next time. But that was a little bit of a surprise, at least to me. And so that just means that your insurance rate shouldn't be affected by an increase in the sovereign immunity limit this year. So, with that said, I'll be quiet and answer any questions anybody has.

Ms. Giles stated thanks, Mike.

B. District Engineer – Acceptance of the 2025 Annual Engineer’s Report

Ms. Giles stated the next item is item B. District Engineer. Carl, did you have any updates or anything about the annual engineer's report?

Mr. Allen stated yes, I do have an update. We will have that in to you no later than August 7 for that annual engineering report. Mike was on vacation. He'll be the one that will be handling that. So as soon as he gets back from vacation, we'll have that. Hoping we'll have it wrapped up sooner than that, but we'll definitely be no later than that.

Ms. Giles stated thanks, Carl. Jay, anything on that? No schedule. Okay.

C. District Manager

Ms. Giles stated I don't have any further for the Board.

D. Operations Manager – Memorandum

1. Memorandum

Ms. Giles stated Jay's report starts on page 221.

Mr. Soriano stated we have been extremely busy with the heat. The pools have been busy every day. Everything starts to slow down pretty much from this point out though. So, after Fourth of July, I think I've mentioned it before, we go downhill from here. Everybody's going to get their last minute vacations in things like that before we start school again. And school starts up pretty quick, I think the 10th or 11th, something like that, is the first day of school. We only have a few more weeks and we'll be back in our normal school season where everything changes for our scheduling around the facilities. We start to cut back hours to match the usage. If you come out here, even that last week, of course it's really quiet compared to the way we start off. It usually starts off with a big bang just from all of the activities throughout summer and heat, people really slow down so we won't see as much. Although I do still have a lot of activities planned. We still have two more movies at the pools and then we also have two more of the adult oriented live music events at the pool. And then we get into our off season. Most of our off-season events other than our holiday event are usually at your sister District. We do most of our movies, things like that there and then even some of the events that I've tried to do in the off-season we have done before where I'll do one at that pool like the Pumpkin Plunge and then one here. We just don't get the same turnout. Summertime, it's great out here. This place is packed this time. It's usually busier, but we'll do those events, it tends to be bigger on the other side. So, off-season, that is where most

of your events will be until we get to those the Christmas events here in this building. I did want to mention on the maintenance side, our elevator repairs are complete. We still have a sign up here saying it's out of order but we're taking it off downstairs. We are trying to get everybody to understand that we really only use that elevator for people that have an issue walking. We have these meetings or there's an event going on up here, we have those people, if they're in a wheelchair or walker or anything like that, they can't go up the stairs. They stop at front desk, and the front desk can actually help them with going up and down the elevator, which to me is a little safer anyway. We use it for ADA. If something happens, the staff is here keeping an eye on using the elevator and the people that are using it. But it is back in action now and everything worked out well in the repair. We didn't see anything hidden that I had any concerns with. And then I think outside of that, that's really it for me unless you guys have any questions. I did want to mention it's not on this report because it's something that's going to happen this next month, but we are shutting down the fitness center next week to do a full painting and cleaning in there. Years ago, we used to have, whether it was days or times they would shut down in the middle of the day for an hour or so, cleaning it. I helped with more deep cleaning. We don't do that. We open up in the morning; we close at night. We're open seven days a week, so it also means when we want to do the bigger jobs like painting or deep shampooing of our rubber carpet tiles that are in there, it takes a lot longer to wean your people out of the way for a couple days. So, we'll shut down Monday afternoon. We'll let our morning crew do the work. That way my maintenance guys can come in and get prepped and going. But then once we shut down and start repainting it, we close pretty much that whole week. That way everything can be dry when we open back up on the weekend and everything should be good to go for our residents. So that will start next Monday. Like I said, unless there's any questions for me, that was it for my report.

Ms. Giles asked anything for Jay?

NINTH ORDER OF BUSINESS

Audience Comments (limited to three minutes) / Supervisor Requests

Ms. Giles stated item nine on the agenda is audience comments and supervisors request.

Mr. Chairman, who would you like to go first?

Mr. Steiner stated the audience.

Ms. Giles asked any public comments at the bottom of the agenda? Hearing none, Supervisor's request.

Mr. Steiner stated Jay, I was thinking we had put in about having some trees taken down. Did we get to those? There was some, I believe, along the parkway here, one up the way here.

Mr. Soriano stated we have had a lot of trees taken here. I don't think there was anything specific we talked about here, but we've done a lot of tree work the last couple months. And then also I've had the county doing a lot. So, the parkway, most of those, except for what was off the very right and left of pretty much borders those white fences that are out there. Everything else in there is the county. And then if you recall when we did that agreement for the landscaping, I made sure the trees were spelled out. So, Mike's group wrote in there for me a certain size and pretty much anything above about a foot is covered by the county. Now we don't mind trimming branches, but when it comes to some of these large trees that need to be removed and they're dying, the District shouldn't have to pay for that on the county roads. They did come out, he saw there was a lot of work in the median and stuff. I think there was probably six, seven, eight trees that were removed. And then that storm we had just after our last meeting actually took down one of the live trees. It was a palm tree, and it was surrounded by some of those larger dead trees. The stumps are there now. So, they had good timing coming in and getting it out. But it was one of the live palm trees that came down. And then just to let you know about trees, you do have a tree that got taken out at the very end. So, if you've driven out of the neighborhood lately, those myrtle trees that are in the middle, past our columns. We've talked about these trees before because they do get big and people have said they block sight line for the lights as your coming up to it. So, the last two in line, we had cut down and they're more like myrtle bushes now. They're getting that big and we have to trim them back, but those are more like myrtle bushes. It was, I think the third tree in that fell. It got taken out completely. The tree, root, ball and everything came out of the ground. It's just lying there now. So, we will cut that out and I'll have to work with Chalon to try to figure out how we can trim the rest. So, it looks good now that we don't have a tree. But was there anything specific you were looking for?

Mr. Steiner stated well, I had mentioned that there was some stuff back in along the nature walk. We had gone and redid that walkway back there. There were some trees that looked potentially like a problem of coming down on our asset and I knew that it was preserved area. So, it was just a matter of anything that was back there that needed a little help getting to the ground.

Mr. Soriano stated we have done a lot of trimming work. I don't think we've taken out any trees back there by the boardwalk, but we have done a lot of trimming work. Big branches and

vine work. Vines grow over top of everything between the trees. So, we have cleared out a lot. I'll take a look to see if there's any big trees.

Mr. Steiner stated my only concern in that area I hesitate in saying it's a people hazard because you shouldn't be back up in there in these heavy storms anyway. The main thing was the cost of the asset, if you're doing that work. If we can avoid having one come down and take out large sections was my only concern. I knew we had to leave the tree fall where it falls, so it wouldn't be so much being a removal as being something like that.

Mr. Soriano stated yeah. We do have a couple back there that are like that as you walk down, really close to them, we have some larger ones that have fallen, and those are the ones we're worried about. They were hung up in vines, and I'm worried about them moving or anything. That's where we've cut, but everything sits right there. So, there are some big trees that are down. It looks ugly. But it's a nature preserve. It's supposed to stay like that. So, they're down on ground or even leaning the other way. It's stuck in trees, but they're not coming towards. We'll take a look out there and make sure we've gotten everything so that we don't have any concerns. We are starting to build up at the end of summer here, some more severe storms. But we have done a lot of work out there.

Mr. Steiner asked are we still managing the food trucks and etc. that pop up down here?

Mr. Soriano stated not that. We don't do anything with the clock tower area. That's all in and out. So, the girl that did all the coordinating for us, she still does that, but she's moved it to the church side. So, when you notice those guys on the other side, none of them are approved. The biggest problem was that. Two years ago, maybe three years ago down was one of the trucks did push it with the police officers and let them know that I don't have the authority to trespass them because we don't own that asphalt. Between the county and the developer that owns those plots of grass is the only true ownership. Ours doesn't start until farther back as you go towards the promenade. We own a big circle in the middle, but the rest is just right of way. We cut the grass. When it came to me kicking people out, once the first person pushed it and told the cops, look, they don't have true authority, they're not the actual owners. I can't trespass them. So that food truck spread it along to a bunch of the other food trucks. And the ones that really don't like dealing with Tiffany, who is our coordinator, they just show up and do their own thing. They're also the ones that are never invited to any of our programs. So, you won't see those food trucks out here. You won't see them at Double Branch. We'd let them know if you're not following our rules, even

though that's not our area, you're not going to be invited back to our stuff. But they still would rather do their own thing. We have contacted the county about it because it does create a problem. We're always the ones out there picking up extra trash. And if you notice there were signs left out there from last Friday throughout the weekend and I saw this morning. My guys are out there constantly picking that up because that is one thing we do with helping with the right of way. We just don't have true ownership.

Mr. Steiner stated we don't have any liability then.

Mr. Soriano stated correct. That is the nice part, that asphalt isn't. If it's not ours, I don't have to worry about that. That was one thing. If you recall, we dealt with the church on the other side. It was the same thing. They argued where their asphalt stopped and the other asphalt begins. Oh, yeah, that's county right of way. It's not ours. I'm not fixing your pothole. It's really on your side. You can either deal with it or get the county to deal with it. I believe that was all county that ended up coming out and doing the work. That was if you noticed them a couple months ago, they were on the right hand side right before you get to the fire company, the fire building there. They were digging up that asphalt area there. It's the same thing. We do a lot of work to keep it clean and clear over there, but we're limited on that responsibility since it's not ours. Same way, we're limited on authority, too.

Mr. Steiner stated I just wanted to check. That's all I have. Anyone else?

Ms. Mifsud stated I don't have anything.

Mr. Marx stated no.

Ms. Giles asked Julie, Kenneth?

Ms. Arnau stated no.

Mr. Hardison stated no.

TENTH ORDER OF BUSINESS

**Next Scheduled Meeting – August 10, 2026
@ 2:00 p.m. at the Plantation Oaks
Amenity Center**

Ms. Giles stated item ten on the agenda is our next meeting is scheduled for August 10, 2026 at 2:00 p.m. here at the same location.

ELEVENTH ORDER OF BUSINESS

Adjournment

Ms. Giles stated unless there's is anything else, I just look for a motion to adjourn.

On MOTION by Mr. Steiner seconded by Mr. Marx with all in favor the meeting was adjourned.

NOTICE OF MEETING OF
THE BOARD OF
SUPERVISORS**

Notice is hereby given that the Board of Supervisors of the Middle Village Community Development District is scheduled to be meet on **Monday, July 13, 2026, at 2:00 p.m.** at the Plantation Oaks Amenity Center, 845 Oakleaf Plantation Parkway, Orange Park, Florida 32065.

The meeting is open to the public and will be conducted in accordance with the provisions of Florida Law for Community Development Districts. An electronic copy of the agenda for this meeting may be obtained from the District Manager, 475 West Town Place, Suite 114, St. Augustine, Florida 32092 (and phone (904) 940-5860) and on the District's website, www.MiddleVillageCDD.com. This meeting may be continued to a date, time, and place to be specified on the record at the meeting. There may be occasions when one or more Supervisors will participate by telephone.

Any person requiring special accommodations at this meeting because of a disability or physical impairment should contact the District Manager's Office at least forty-eight (48) hours prior to the meeting. If you are hearing or speech impaired, please contact the Florida Relay Service by dialing 7-1-1, or 1-800-955-8771 (TTY) / 1-800-955-8770 (Voice), for aid in contacting the District Manager's Office.

A person who decides to appeal any decision made by the Board with respect to any matter considered at the meeting is advised that this same person will need a record of the proceedings and that accordingly, the person may need to ensure that a verbatim record of the proceedings is made, including the testimony and evidence upon which the appeal is to be based.

Abstract: The purpose of this study was to investigate the effect of a 12-week training program on the physical fitness and health of middle-aged men. The study was conducted in a gymnasium in the city of Tehran, Iran. The participants were 30 middle-aged men (mean age = 45.5 years, range 40-55 years) who were divided into two groups: a control group (n = 15) and an experimental group (n = 15). The experimental group followed a 12-week training program consisting of three sessions per week, each lasting 45 minutes. The training program included aerobic exercises, strength training, and flexibility exercises. The control group did not participate in any training program. The physical fitness and health of the participants were measured at the beginning and at the end of the 12-week period. The measurements included heart rate, blood pressure, body mass index (BMI), and waist circumference. The results of the study showed that the experimental group had significantly lower heart rate, blood pressure, BMI, and waist circumference at the end of the 12-week period compared to the control group. These findings suggest that a 12-week training program can improve the physical fitness and health of middle-aged men.

Board of Supervisors
Middle Village Community Development District
475 West Town Place, Suite 114
St. Augustine, FL 32092

We are pleased to confirm our understanding of the services we are to provide Middle Village Community Development District, Clay County, Florida ("the District") for the fiscal year ended September 30, 2026. We will audit the financial statements of the governmental activities and each major fund, including the related notes to the financial statements, which collectively comprise the basic financial statements of Middle Village Community Development District as of and for the fiscal year ended September 30, 2026. In addition, we will examine the District's compliance with the requirements of Section 218.415 Florida Statutes. This letter serves to renew our agreement and establish the terms and fee for the 2026 audit.

Accounting principles generally accepted in the United States of America provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement the District's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the District's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The following RSI is required by generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

- 1) Management's Discussion and Analysis
- 2) Budgetary comparison schedule

The following other information accompanying the financial statements will not be subjected to the auditing procedures applied in our audit of the financial statements, and our auditor's report will not provide an opinion or any assurance on that information:

- 1) Compliance with FL Statute 218.39 (3) (c)

Audit Objectives

The objective of our audit is the expression of opinions as to whether your financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and will include tests of the accounting records of the District and other procedures we consider necessary to enable us to express such opinions. We will issue a written report upon completion of our audit of the District's financial statements. We cannot provide assurance that an unmodified opinion will be expressed. Circumstances may arise in which it is necessary for us to modify our opinion or add emphasis-of-matter or other-matter paragraphs. If our opinion on the financial statements is other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed an opinion, we may decline to express an opinion or issue a report or may withdraw from this engagement.

We will also provide a report (that does not include an opinion) on internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements as required by *Government Auditing Standards*. The report on internal control and on compliance and other matters will include a paragraph that states (1) that the purpose of the report is solely to describe the scope of testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control on compliance, and (2) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. The paragraph will also state that the report is not suitable for any other purpose. If during our audit we become aware that the District is subject to an audit requirement that is not encompassed in the terms of this engagement, we will communicate to management and those charged with governance that an audit in accordance with U.S. generally accepted auditing standards and the standards for financial audits contained in *Government Auditing Standards* may not satisfy the relevant legal, regulatory, or contractual requirements. We will also issue a management letter as required by Chapter 10.550, Rules of the Auditor General of the State of Florida. As part of our audit, we will apply financial condition assessment procedures pursuant to Section 218.39(5), Florida Statutes, and Rule 10.556(8), Rules of the Auditor General, and will report, as applicable, whether the District met any of the conditions described in Section 218.503(1), Florida Statutes.

Examination Objective

The objective of our examination is the expression of an opinion as to whether the District is in compliance with Florida Statute 218.415 in accordance with Rule 10.556(10) of the Auditor General of the State of Florida. Our examination will be conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and will include tests of your records and other procedures we consider necessary to enable us to express such an opinion. We will issue a written report upon completion of our examination of the District's compliance. The report will include a statement that the report is intended solely for the information and use of management, those charged with governance, and the Florida Auditor General, and is not intended to be and should not be used by anyone other than these specified parties. We cannot provide assurance that an unmodified opinion will be expressed. Circumstances may arise in which it is necessary for us to modify our opinion or add emphasis-of-matter or other-matter paragraphs. If our opinion on the District's compliance is other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the examination or are unable to form or have not formed an opinion, we may decline to express an opinion or issue a report or may withdraw from this engagement.

Management Responsibilities

Management is responsible for the financial statements and all accompanying information as well as all representations contained therein. Further, management is responsible for compliance with Florida Statute 218.415 and will provide us with the information required for the examination. The accuracy and completeness of such information is also management's responsibility. As part of the audit, we will assist with preparation of your financial statements and related notes in conformity with U.S. generally accepted accounting principles based on information provided by you. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. You agree to assume all management responsibilities relating to the financial statements and related notes and any other nonaudit services we provide. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements and related notes and that you have reviewed and approved the financial statements and related notes prior to their issuance and have accepted responsibility for them. In addition, you will be required to make certain representations regarding compliance with Florida Statute 218.415 in the management representation letter. Further, you agree to oversee the nonaudit services by designating an individual, preferably from senior management, who possesses suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

Management is responsible for establishing and maintaining effective internal controls, including evaluating and monitoring ongoing activities, to help ensure that appropriate goals and objectives are met; following laws and regulations; and ensuring that management is reliable and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles, for the preparation and fair presentation of the financial statements and all accompanying information in conformity with U.S. generally accepted accounting principles, and for compliance with applicable laws and regulations and the provisions of contracts and grant agreements.

Management is also responsible for making all financial records and related information available to us and for the accuracy and completeness of that information. You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, (2) additional information that we may request for the purpose of the audit, and (3) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence.

Your responsibilities include adjusting the financial statements to correct material misstatements and for confirming to us in the written representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. As part of our engagement, we may propose standard adjusting, or correcting journal entries to your financial statements. You are responsible for reviewing the entries and understanding the nature of the proposed entries and the impact they have on the financial statements.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the government complies with applicable laws, regulations, contracts, agreements, and grants and for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts or grant agreements, or abuse that we report.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies of previous financial audits, attestation engagements, performance audits or other studies related to the objectives discussed in the Audit Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on your website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

Audit Procedures—General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. Our responsibility as auditors is limited to the period covered by our audit and does not extend to later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about your responsibilities for the financial statements; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by generally accepted auditing standards.

Audit Procedures—Internal Control

Our audit will include obtaining an understanding of the government and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards and *Government Auditing Standards*.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the District's compliance with the provisions of applicable laws, regulations, contracts, agreements, and grants. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

Engagement Administration, Fees, and Other

We understand that your employees will prepare all cash or other confirmations we request and will locate any documents selected by us for testing.

The audit documentation for this engagement is the property of Grau & Associates and constitutes confidential information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to a cognizant or oversight agency or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Grau & Associates personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies. Notwithstanding the foregoing, the parties acknowledge that various documents reviewed or produced during the conduct of the audit may be public records under Florida law. The District agrees to notify Grau & Associates of any public record request it receives that involves audit documentation.

Furthermore, Grau & Associates agrees to comply with all applicable provisions of Florida law in handling such records, including but not limited to Section 119.0701, Florida Statutes. Auditor acknowledges that the designated public records custodian for the District is the District Manager ("Public Records Custodian"). Among other requirements and to the extent applicable by law, Grau & Associates shall 1) keep and maintain public records required by the District to perform the service; 2) upon request by the Public Records Custodian, provide the District with the requested public records or allow the records to be inspected or copied within a reasonable time period at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes; 3) ensure that public records which are exempt or confidential, and exempt from public records disclosure requirements, are not disclosed except as authorized by law for the duration of the contract term and following the contract term if Auditor does not transfer the records to the Public Records Custodian of the District; and 4) upon completion of the contract, transfer to the District, at no cost, all public records in Grau & Associate's possession or, alternatively, keep, maintain and meet all applicable requirements for retaining public records pursuant to Florida laws. When such public records are transferred by Grau & Associates, Grau & Associates shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the District in a format that is compatible with Microsoft Word or Adobe PDF formats.

IF GRAU & ASSOCIATES HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE PUBLIC RECORDS CUSTODIAN AT: GMS-NF LLC - 475 WEST TOWN PLACE, SUITE 114, ST. AUGUSTINE, FL 32092 - TELEPHONE: 904-940-5850.

Our fee for these services will not exceed \$7,100 for the September 30, 2026 audit, unless there is a change in activity by the District which results in additional audit work or if additional Bonds are issued.

We will complete the audit within prescribed statutory deadlines, which requires the District to submit its annual audit to the Auditor General no later than nine (9) months after the end of the audited fiscal year, with the understanding that your employees will provide information needed to perform the audit on a timely basis.

The audit documentation for this engagement will be retained for a minimum of five years after the report release date. If we are aware that a federal awarding agency or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

Our invoices for these fees will be rendered each month as work progresses and are payable on presentation. Invoices will be submitted in sufficient detail to demonstrate compliance with the terms of this agreement. In accordance with our firm policies, work may be suspended if your account becomes 60 days or more overdue and may not be resumed until your account is paid in full. If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed upon written notification of termination, even if we have not completed our report. You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket costs through the date of termination. The above fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate.

This agreement may be renewed each year thereafter subject to the mutual agreement by both parties to all terms and fees. The fee for each annual renewal will be agreed upon separately.

The District may terminate this agreement, with or without consent, upon thirty (30) days written notice of termination to Grau & Associates. Upon any termination of this agreement, Grau & Associates shall be entitled to payment of all work and/or services rendered up until the date of the notice of termination subject to any offsets the District may have against Grau & Associates.

We will provide you with a copy of our most recent external peer review report and any letter of comment, and any subsequent peer review reports and letters of comment received during the period of the contract. Our 2025 peer review report accompanies this letter.

We appreciate the opportunity to be of service to Middle Village Community Development District and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign the enclosed copy and return it to us.

Very truly yours,

Grau & Associates

Antonio J. Grau

Policies Regarding District Amenity Facilities

Revised August 10, 2026

Deleted: July 13

District Access Cards

1. All adults, age 18 and older, who wish to gain access to any of the amenity facilities or are on district property, must have their own District issued Access Card or gain access via guest policy procedures.
2. While children, under the age of 18, are not required to have their own card, it is highly recommended. To utilize the facilities at ages 13 and above, certain facilities will require that the children have their own cards (please see each facility's rules below) Children under the age of 13 do not need cards; provided they are accompanied by their parent or they gain access via guest policy procedures. All children regardless of age will be expected to have their own district id cards if they are utilizing any facility without a parent present. To allow parents to bring children from their household without a card the household must have properly updated cards/household information on file. No additional charge will be applied for updating parent cards when considering change of number of children listed.
3. Each District fee-paying household will receive 1 complimentary card per person for a maximum of 2 adult cards, and 1 child card per household. Any additional cards for that household will be issued per district policies at a cost of \$8.00 each. Cards are issued at the Double Branch Fitness Center.
4. Replacement of damaged, lost, or stolen access cards shall be at a cost of \$15.00 to the card holder.
5. If a resident's card is no longer operable (other than due to damage or negligence), a District card holder may be issued, at the discretion of management, a new card at the cost of \$8.00.
6. In order to obtain a District Access Card, homeowners will need to provide a government issued photo ID, as well as the following as proof of homeownership: a HUD-1 Settlement Statement or Warranty Deed.
7. Permanent residents who are neither the homeowners nor lease holders of the property must provide proof of residency in the form of a government issued photo ID with a district address listed, and a utility bill with a district address, or a Power of Attorney for the home with a district address listed along with government issued photo ID.
8. In order for renters of a property to obtain a District Access Card, the property owner must first register the property with the district office and sign a "Release of Rights" form. Forms may be found online at www.OakleafResidents.com. Forms may be turned in at the Double Branch Fitness Center. Tenants must then present a valid lease and government issued photo ID with district address, to obtain their district access cards. Only persons listed on the lease document will be issued access cards.
9. Adult children or other Adult family members may be considered as part of the district household for purposes of "Amenity privileges" from the ages of 19 years of age or older if they meet all other residency requirements previously stated in these

policies. Adult children/family member must present valid state identification each year showing the district address. Owners/Lease holders of the district address must sign an affidavit attesting to the adult's residency at the district address. This affidavit will need to be updated each year with presentation of state identification. Adult children/ family members will be required to purchase their own ID cards regardless of number of cards issued to the household. Any children of the Adult child/family member must have their own district ID cards on file from the age of 3 years and older.

10. Minor children, under the age 18, who are family members but not permanent residents can be issued a district access card if documentation is provided to link the child to the home.
11. Responsibility for loss or damage to person or property; indemnification; limitation of liability

1. No person shall remove from the room in which it is placed or from the Amenity Center's premises any property or furniture belonging to the District or its contractors without proper authorization.
2. Each District Card Holder shall be liable for any property damage at the Amenity Center, or at any activity or function operated, organized, arranged or sponsored by the District or its contractors, caused by him or her, his or her guests or family

members. The District reserves the right to pursue any and all legal and equitable measures necessary to remedy any losses due to property damage.

3. Each District Card Holder and each guest as a condition of invitation to the premises of the Amenity Center assume sole responsibility for his or her property. The District and its contractors shall not be responsible for the loss or damage to any private property used or stored on the premises of the Amenity Center, whether in lockers or elsewhere.
4. Each District Card Holder, by virtue of his or her use of the District's facilities, agrees to defend, indemnify and hold harmless the Double Branch and Middle Village Community Development Districts and its respective officers, agents, and employees from any and all liability, claims, actions, suits or demands by any person, corporation or other entity, for any injuries, death, theft and real or personal property damage of any nature arising out of, or in connection with, the use of the facility by such person, his or her children and his or her guests. Should any person bound by these District Policies bring suit against the District or its affiliates, Amenity Center operator, officers, employees, representatives, contractors or agents in connection with any event operated, organized, arranged or sponsored by the District or any other claim or matter in connection with any facility owned, or event operated, organized, arranged or sponsored, by the District, and fail to obtain judgment therein against the District or its Amenity Center operator, officers, employee, representative, contractor or agent, said party shall be liable to the District for all costs and expenses incurred by it in the defense of such suit (including court costs and attorney's fees through all appellate proceedings).
5. Nothing contained in these policies shall constitute or be construed as a waiver of the Double Branch and Middle Village Community Development Districts' limitations on liability contained in Section 768.28, F.S., or other statutes.

Suspension and Termination of Privileges

1. Introduction. This rule addresses disciplinary and enforcement matters relating to the use of the Amenity Center and other properties owned and managed by the District ("Amenity facilities" or "Amenity").
2. General Rule. All persons using the Amenity facilities and entering District properties are responsible for compliance with the rules and policies established for the safe operations of the District's Amenities.
3. Access Cards. Access cards are the property of the District. The District may request surrender of, or may deactivate, a person's access card for violation of the District's rules and policies established for the safe operations of the District's Amenity facilities.
4. Suspension and Termination of Rights. The District shall have the right to restrict, suspend, or terminate the Amenity access of any person and members of their household to use all or a portion of the Amenities for any of the following acts (each, "Violation"):

- a. Submitting false information on any application for use of the Amenities, including but not limited to facility rental applications;
- b. Failing to abide by the terms of rental applications;
- c. Permitting the unauthorized use of an access card or otherwise facilitates or allows unauthorized use of the Amenity facilities;
- d. Exhibiting inappropriate behavior or repeatedly wearing inappropriate attire;
- e. Failing to pay amounts owed to the District in a proper and timely manner (with the exception of special assessments);
- f. Failing to abide by any District rules or policies (e.g., Middle Village CDD Policies);
- g. Treating the District's staff, contractors, representatives, residents, landowners, Patrons, or guests, in a harassing or abusive manner;
- h. Damaging, destroying, rendering inoperable or interfering with the operation of District property, or other property located on District property;
- i. Failing to reimburse the District for property damaged by such person, or a minor for whom the person has charge, or a guest;
- j. Engaging in conduct that is likely to endanger the health, safety, or welfare of the District, its staff, contractors, representatives, residents, landowners, Patrons, or guests;
- k. Committing or is alleged, in good faith, to have committed a crime on or off District property that leads the District to reasonably believe the health, safety or welfare of the District, its staff, contractors, representatives, residents, landowners, Patrons, or guests is likely endangered;
- l. Engaging in another Violation after a verbal warning has been given by staff (which verbal warning is not required); or
- m. Such person's guest or a member of their household commits any of the above Violations.
- n. If a resident or guest is suspended from the amenities, the Board of Supervisors for the District in which the resident lives shall conduct the suspension review and subsequent proceedings.

Termination of Amenity access shall only be considered and implemented by the Board in situations that pose a long term or continuing threat to the health, safety and/or welfare of the District, its staff, contractors, representatives, residents, landowners, Patrons, or guests. The Board, in its sole discretion and upon motion of any Board member, may vote to rescind a termination of Amenity access.

5. Administrative Reimbursement. The Board may in its discretion require payment of an administrative reimbursement of up to Five Hundred Dollars (\$500) in order to offset the legal and/or administrative expenses incurred by the District as a result of a Violation ("Administrative Reimbursement"). Such Administrative Reimbursement shall be in addition to any suspension or termination of Amenity access, any applicable legal action warranted by the circumstances, and/or any Property Damage Reimbursement (defined below).
6. Property Damage Reimbursement. If damage to District property occurred in connection with a Violation, the person or persons who caused the damage, or the person whose guest caused the damage, or the person who has charge of a minor that caused the damage, shall reimburse the District for the costs of cleaning, repairing, and/or replacing the property ("Property Damage Reimbursement"). Such Property Damage Reimbursement shall be in addition to any suspension or termination of Amenity access, any applicable legal action warranted by the circumstances, and/or any Administrative Reimbursement.
7. Removal from Amenity Facilities. The District Manager, General Manager, Amenity Manager and onsite staff each have the independent ability to remove any person from the Amenity facilities if a Violation occurs, or if in his or her discretion, it is in the District's best interest to do so.
8. Initial Suspension from Amenity Facilities. The District Manager, General Manager, Amenity Manager or his or her designee may at any time restrict or suspend for cause or causes, including but not limited to a Violation, any person's access to the Amenity facilities until a date not later than the next regularly scheduled meeting date of the Board that is scheduled to occur at least twenty-one (21) days after the date of initial suspension. In the event of such a suspension, the District Manager or his or her designee shall mail a letter to the person suspended referencing the conduct at issue, the sections of the District's rules and policies violated, the time, date, and location of the next regular Board meeting where the person's suspension will be presented to the Board, and a statement that the person has a right to appear before the Board and offer testimony and evidence why the suspension should be lifted. If the person is a minor, the letter shall be sent to the adults at the address within the community where the minor resides.
9. Hearing by the Board; Administrative Reimbursement; Property Damage Reimbursement.
 - a. At the Board meeting referenced in the letter sent under Section 8 above, or as soon thereafter as a Board meeting is held if the meeting referenced in the letter is canceled, a hearing shall be held at which both District staff and the person subject to the suspension shall be given the opportunity to appear, present testimony and evidence, cross examine witnesses present, and make arguments. The Board may also ask questions of District staff, the person subject to the suspension, and witnesses present. All persons are entitled to be represented by a licensed Florida attorney at such hearing.
 - b. After the presentations by District staff and the person subject to the suspension, the Board shall consider the facts and circumstances and

determine whether to lift or extend the suspension or impose a termination. In determining the length of any suspension, or a termination, the Board shall consider the nature of the conduct, the circumstances of the conduct, the number of rules or policies violated, the person's escalation or de-escalation of the situation, and any prior Violations and/or suspensions.

- c. The Board shall also determine whether an Administrative Reimbursement is warranted and, if so, set the amount of such Administrative Reimbursement.
 - d. The Board shall also determine whether a Property Damage Reimbursement is warranted and, if so, set the amount of such Property Damage Reimbursement. If the cost to clean, repair and/or replace the property is not yet available, the Property Damage Reimbursement shall be fixed at the next regularly scheduled Board meeting after the cost to clean, repair, and/or replace the property is known.
 - e. After the conclusion of the hearing, the District Manager shall mail a letter to the person suspended identifying the Board's determination at such hearing.
10. Suspension by the Board. The Board on its own initiative acting at a noticed public meeting may elect to consider a suspension of a person's access for committing any of the Violations outlined in Section 4. In such circumstance, a letter shall be sent to the person suspended which contains all the information required by Section 8, and the hearing shall be conducted in accordance with Section 9.
11. Automatic Extension of Suspension for Non-Payment. Unless there is an affirmative vote of the Board otherwise, no suspension or termination will be lifted or expire until all Administrative Reimbursements and Property Damage Reimbursements have been paid to the District. If an Administrative Reimbursement or Property Damage Reimbursement is not paid by its due date, the District reserves the right to request surrender of, or deactivate, all access cards associated with an address within the District until such time as the outstanding amounts are paid.
12. Appeal of Board Suspension. After the hearing held by the Board required by Section 9, a person subject to a suspension or termination may appeal the suspension or termination, or the assessment or amount of an Administrative Reimbursement or Property Damage Reimbursement, to the Board by filing a written request for an appeal ("Appeal Request"). The filing of an Appeal Request shall not result in the stay of the suspension or termination. The Appeal Request shall be filed within thirty (30) calendar days after mailing of the notice of the Board's determination as required by Section 9(e), above. For purposes of this Rule, wherever applicable, filing will be perfected and deemed to have occurred upon receipt by the District. Failure to file an Appeal Request shall constitute a waiver of all rights to protest the District's suspension or termination, and shall constitute a failure to exhaust administrative remedies. The District shall consider the appeal at a Board meeting and shall provide reasonable notice to the person of the Board meeting where the appeal will be considered. At the appeal stage, no new evidence shall be offered or considered. Instead, the appeal is an opportunity for the person subject to the suspension or termination to argue, based on the evidence elicited at the hearing, why the suspension or termination should be reduced or vacated. The

Board may take any action deemed by it in its sole discretion to be appropriate under the circumstances, including affirming, overturning, or otherwise modifying the suspension or termination. The Board's decision on appeal shall be final.

13. Legal Action; Criminal Prosecution; Trespass. If any person is found to have committed a Violation, such person may additionally be subject to arrest for trespassing or other applicable legal action, civil or criminal in nature. If a person subject to a suspension or termination is found at an Amenity Facility, such Person will be subject to arrest for trespassing. If a trespass warrant is issued to a person by a law enforcement agency, the District has no obligation to seek a withdrawal or termination of the trespass warrant even though the issuance of the trespass warrant may effectively prevent a person from using the District's Amenity facilities after expiration of a suspension imposed by the District.
14. Severability. If any section, paragraph, clause or provision of this rule shall be held to be invalid or ineffective for any reason, the remainder of this rule shall continue in full force and effect, it being expressly hereby found and declared that the remainder of this rule would have been adopted despite the invalidity of ineffectiveness of such section.

Amendment of Policies

These policies may be modified at any time, upon the approval of the Board of Supervisors of the Middle Village Community Development District. Immediately following approval of the Board, the modified policies shall be posted on the community bulletin board at the Oakleaf Plantation Athletic Center.
